

- GCSD submitted a formal letter to the **Planning Commission** before their last scheduled meeting (which was canceled).
- The **GCSD Board will revisit the issue** after the Planning Commission reviews the project—date TBD.
- If the project moves forward without addressing fire service concerns, **GCSD may appeal to the Board of Supervisors.**

Why This Matters

GCSD is committed to working **collaboratively** with the county to ensure new development does not come at the expense of fire protection for our residents. **We must prioritize public safety and long-term solutions.**

We appreciate your engagement and will continue to share updates as more information becomes available.
